

# Pallet Management Made Simple™

48forty represents a combination of national capabilities and local expertise, providing comprehensive pallet solutions and an improved customer experience. We simplify pallet management with our extensive network, advanced technology, and commitment to sustainability. We are the perfect partner to optimize your pallet program and support the success of your business.

## Industry Leader in Pallet Management

- Handling an impressive 500 million pallets annually, including cores, sold, and sorted pallets. Providing comprehensive solutions to manufacturers, retailers, growers, and shippers to keep their supply chains moving.

## Extensive Nationwide Network

- With 73 company-owned pallet plants across the U.S. and Canada and an additional 850 partner providers, we have a strong presence to serve your needs. Operating 271 locations nationwide, including 182 on-site locations, 4 service center sorting operations, and 12 Reusable Asset Depots.

## Wide Reach and Rapid Delivery

- We service more than 3,900 customers and 12,500 ship-to locations across North America. We have the largest private fleet in North America and deliver to 49 states with 8,200 trailers and 560 tractors, ensuring prompt and efficient logistics.

## Dedicated & Experienced Workforce

- We pride ourselves on offering national capabilities coupled with the local expertise needed to make your program successful. Our team of 6,200 employees is committed to providing excellent service and support.
- Whether you need support at the corporate or the plant level, you'll work with a team of seasoned experts.

## Complete Control of the Supply Chain

- We own and manage our assets, including warehouses, trucks, and facilities, ensuring accountability and reliability. This complete control allows us to be flexible and responsive to your changing demands.

## Industry Leading Technology & Transparency

- PalTrax, our online customer portal, offers real-time visibility into your pallet transactions. Accurate counts and comprehensive reporting lead to improved decision-making and streamlined operations.

## Sustainable & Environmentally Responsible

- Our company was founded on responsible business practices, and we track our sustainability progress using globally recognized metrics that we share with all of our customers. Wooden pallets have a net-negative impact on carbon emissions, making them a responsible choice for your business.

## Trusted Partner for Your Pallet Needs

- We serve customers industries, and our track record shows we have earned their trust and loyalty.
